Regular Council Meeting
June 19, 2023 – 6:00 P.M.
Community Media Center

Mayor David Goedken called the meeting to order. Council present were: Brenda Hanken, Candy Langerman, Chris Lux, Wayne Peach, Scott Brighton and Tom Yeoman. Also present were City Administrator Russell Farnum, City Clerk Sally Hinrichsen, Water /Wastewater Superintendent Jim Tjaden, Public Works Director Nick Kahler, and Library Director Faith Brehm. Police Chief Britt Smith arrived during the meeting. The public was invited to attend the meeting in person, or to participate in the meeting electronically via “Zoom Meetings” or “Facebook” and were encouraged to communicate from the chat or message.

Yeoman moved to approve the agenda, Peach seconded, roll call was unanimous.

Langerman moved to approve the consent agenda; Hanken seconded, roll call was unanimous.

Yeoman moved to approve Resolution #2023-87 Authorizing the City Clerk to make the Appropriate Transfers of Sums and Record the Same in the Appropriate Manner for FY 2023 for the City of Monticello. Lux seconded, roll call was unanimous.

Lux moved to approve Resolution #2023-88 Approving Ben & Rachel Bruggeman Tax Abatement Improvements Application related to Residential constructed at 306 Grandview Avenue, Monticello, Iowa. Hanken seconded, roll call was unanimous.

Farnum reported Police Chief Smith advised that there is no upfront cost to the City as the Iowa DOT makes the purchase and completes the installation of the devices. The City of Monticello would be expected to maintain the devices and any incidental costs associated with the repairs or use of the signs. These signs are similar to the speed feedback display signs the City already uses but would be permanently mounted on a sign pole at the two entrance points into Monticello along Iowa Highway 38. Hanken moved to approve Resolution #2023-89 approving an application to the Iowa Department of Transportation for two new Speed Feedback Display Signs. Brighton seconded, roll call was unanimous.

Farnum reported the bids for the new Waste Water Treatment Facility came in anywhere from \$5 to \$7 million over budget. Nick Eisenbacher, the engineer working on the project, feels that the pricing is a combination of poor bid timing, uncertainty of product delivery times and pricing over a longer-term project, and other factors. However, none of the bidders will explain their high bids until the City rejects the bids and starts over. Engineer Nick Eisenbacher recommended that the bids be rejected. Peach moved to approve Resolution #2023-90 Rejecting Bids For Monticello Wastewater Treatment Facility Improvements. Hanken seconded, roll call was unanimous.

Hanken questioned the cost to purchase the lot at 541 North Chestnut. Farnum advised the purchase price was \$20,000.00. Hanken questioned the additional cost of \$6,000 to demolish the structures. Goedken stated City needs to clean the lot, as buildings are filled with items. Farnum advised demolition is scheduled to begin mid-July. Langerman

Regular Council Meeting
June 19, 2023

moved to approve Resolution #2023-91 To acknowledge receipt of quote and award project in relation to the demolition of the home located at 541 North Chestnut Street, Monticello, Iowa. Hanken seconded, roll call was unanimous

Farnum reported HDR Engineer Matthew Wilke noted a minor revision to the pay application changing the Silt Fence from 230 LF to 2279 LF and the payment from \$263,911.90 to \$267,805.00, due to the error in quantity of silt fencing. Yeoman moved to approve Resolution #2023-92 Approving Pay Request #2 related to the Monticello Airport Taxiway Connector project, to Boomerang in the amount of \$267,805.00. Brighton seconded, roll call was unanimous.

Farnum advised Boomerang Construction found that the communication cable at the airport does not have sufficient clearance for the storm sewer to pass under it at proper grade. Changing to an arch-shaped (instead of round) storm sewer pipe solves the problem. The change is an additional cost of the arch pipe in the amount of \$1,282. In addition, unstable soil conditions were found which required over-excavation and additional stabilization with crushed rock fill and geotextile fabric. This resulted in additional expenses of \$17,350.25. Langerman moved to approve Resolution #2023-93 Approving Change Order #3 in the increased amount of \$18,632.25, submitted by Boomerang related to the Monticello Airport Taxiway Connector Project, Peach seconded, roll call was unanimous.

Langerman stated it would not be a good precedence to set, then all groups will come and want the fees waived. Goedken questioned if the Council wanted peddlers selling along the parade route. Lux who is also on the 4th of July Parade Committee stated that crowd control is already an issue. Yeoman didn't feel the fee should be waived. Tom Osborne, 630 South Sycamore who is on the 4th of July Parade Committee, stated he doesn't feel we want to add more issues with traffic control. Mary Melchart, 1 Spring Farm Lane, stated that Dave McNeill will allow them to setup in the cubby hole, so they will not be in the sidewalk area. Smith arrived. Goedken advised that golf carts are selling food and water along the route. Smith advised that a transient merchant permit allows them to move around selling. Melchart questioned if she could give the water away and ask for a donation. Yeoman moved to not waive the Peddlers License Fee, as requested by the Jones Co Democrats to sell refreshments at the 4th of July Parade, Langerman seconded, roll call was unanimous.

Farnum reported the school has two proposals for the old middle school building and will hold a public hearing next week. Farnum is waiting for school to decide how they will proceed and he will work with that party.

Farnum is meeting with the ambulance staff on how to improve the service and move forward.

Farnum is working with engineer, financial consultant, and others on the wastewater facility project and funding.

Regular Council Meeting
June 19, 2023

Farnum reached out to engineering regarding the silting concerns at Jacobs Park and options to clear the channel and will continue to look for options.

Farnum reported staff is having issues with accessing the video at the stop light at First Street and Main Street; and until General Traffic Control is able to resolve that situation, will hold off purchasing the same equipment to fix the stop light at Main Street and Oak Street.

Goedken reported that he is looking into the flag on Seventh Street.

Hinrichsen stated Farnum, Lux and herself received an email regarding updating Jones County Hazard Mitigation Plan and they are looking for input from the City on what items they want added, such as sirens, generators, and radios. Community meeting will begin after the first of the year.

Kahler reported all the trees have been removed on Cedar Street that were bid and will work with the contractor to remove other trees in the City. He received a quote to grind the stumps.

Smith reported the sidewalk inspection of Ward 1 was completed. There were six properties that had sidewalk that needed to be repaired or replaced, with the old Middle School being one of them.

Smith applied for a grant from Dubuque Racing Association to purchase 2 ballistic shields and 2 ballistic helmets.

Smith advised they will be accepting applications for police officer until the 23rd.

Brehm reported the summer reading program started 2 weeks ago and have over 200 signed up online and in person. Brehm updated Council on several programs that will be happening at the Library in June.

Peach moved to go into closed session pursuant to Iowa Code 21.5 (1)(i) to evaluate the performance of an individual in closed session as requested by that individual. Langerman seconded, roll call was unanimous.

Brighton moved to return to open session, Peach seconded, roll call was unanimous. No action was taken following the closed session.

Peach moved to adjourn at 7:30 P.M.

Synopsis:

Public Hearing in regards to a land swap between the City and Monticello Golf Club.

Jacob will provide more details at the hearing.

Background Information:

The Park Board, at a recent meeting, discussed a land swap with the Monticello Golf Club. Currently, the Monticello Golf Club owns land north of Riverside Gardens, roughly 7.7 acres. The City owns land currently maintained by the golf course (portions of hole 1, 7, 8 and 9), roughly 9.8 acres.

This swap would allow an access point to the river on city property, and also allow for continued trail expansion similar to the 12-acre property located behind Dollar Fresh. The golf course would gain control of property that they already maintain

It is also recommended that the City cover fees associated to surveying and appropriate filing with the County.

Staff Recommendation:

To hold Public Hearing on proposed land swap between the City and Monticello Golf Club and providing staff direction on how to proceed

Synopsis:

Resolution 2023-81 adopted wages for non-bargaining staff for FY '24. At the time of approval, the Police Chief's salary was undetermined, and due to miscommunication through the transition of Library Director, so was the Library Staff.

In addition, the Resolution contained some errors which need to be corrected. For some reason the final edits were not included in the version that was in the Council packet. This is my mistake, I apologize.

This action rectifies those issues and provides one Resolution establishing all salaries and wages for the fiscal year.

Background:

The Police Chief's salary for FY '24 is recommended at \$87,194.

The Library Staff wages are recommended at \$15.54 (Molli) and \$18.45 (Penny).

These amounts are provided for in the Fiscal Year 2024 budget.

The other changes to the Resolution include clarifying that longevity pay is to also apply to non-hourly (salaried) staff, and just general clean-up edits as outlined in the Resolution. Language to be deleted is shown in strikethrough, and language added is underlined.

Recommendation: A motion to approve is recommended.

Synopsis: Approving this resolution leaves the door open, if you will, for City to do General Obligation bonding, if needed.

Background Information: City staff has been working with City engineers on various projects and the estimated costs listed are high but City can only bond up to amounts for each project, which hopefully will be lower.

We may be bonding for various projects in the near future and could add the cost of this project to that bond.

Staff Recommendation: It is recommended to approve of the resolution.

The City of Monticello, Iowa

RESOLUTION

Related to the financing of a project proposed to be undertaken by the City of Monticello, Iowa; establishing compliance with reimbursement bond regulations under the Internal Revenue Code

BE IT RESOLVED by the City Council (the “Council”) of the City of Monticello, Iowa (the “City”), as follows:

Section 1. Recitals:

(a) The Internal Revenue Service has issued Section 1.150-2 of the Income Tax Regulations (the “Regulations”) dealing with the issuance of bonds, all or a portion of the proceeds of which are to be used to reimburse the City for project expenditures made by the City prior to the date of issuance.

(b) The Regulations generally require that the City make a prior declaration of its official intent to reimburse itself for such prior expenditures out of the proceeds of a subsequently issued borrowing and that the borrowing occur and the reimbursement allocation be made from the proceeds of such borrowing within a certain period after the payment of the expenditure or the date the project is placed in service; and

(c) The City desires to comply with requirements of the Regulations with respect to the project hereinafter identified.

Section 2. Declaration of Intent:

(a) The City proposes to undertake the following project and to make original expenditures with respect thereto prior to the issuance of bonds, notes or other obligations (the “Bonds”) and reasonably expects to issue the Bonds for such project in the maximum principal amount shown below:

<u>Project</u>	<u>Maximum Amount of Bond Expected to be Issued</u>
North Chestnut Street Project	\$ 950,000.00
East First Street Project	\$1,000,000.00
Sixth Street Ditch Project	\$1,000,000.00
South Water Tower Painting Project	\$ 550,000.00

Other than (i) expenditures to be paid or reimbursed from sources other than the Bonds or (ii) expenditures made not earlier than sixty days prior to the date of this Resolution or (iii) expenditures amounting to the lesser of \$100,000 or 5% of the proceeds of the Bonds or (iv) expenditures constituting preliminary expenditures as defined in Section 1.150-2(f)(2) of the

Regulations, no expenditures for the project have heretofore been made by the City for which the City will seek reimbursement from the proceeds of the Bonds.

(b) This declaration is a declaration of official intent adopted pursuant to Section 1.150-2 of the Regulations.

Section 3. Budgetary Matters.

As of the date hereof, there are no City funds reserved, allocated on a long term basis or otherwise set aside (or reasonably expected to be reserved, allocated on a long term basis or otherwise set aside) to provide permanent financing for the expenditures related to the project, other than pursuant to the issuance of the Bonds. The City may choose to cover preliminary expenses related to this project from cash on hand, as a loan to the project, to be repaid from bond proceeds, as previously noted, or to be repaid from Tax Increment Financing funds on hand or yet to be collected. This resolution, therefore, is determined to be consistent with the City's budgetary and financial circumstances as they exist or are reasonably foreseeable on the date hereof, all within the meaning and content of the Regulations.

Section 4. Reimbursement Allocations.

The City's financial officer shall be responsible for making the "reimbursement allocations" described in the Regulations, being generally the transfer of the appropriate amount of proceeds of the Bonds to reimburse the source of temporary financing used by the City to make payment of the prior costs of the project. Each allocation shall be evidenced by an entry on the official books and records of the City maintained for the Bonds, shall specifically identify the actual prior expenditure being reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid, and shall be effective to relieve the proceeds of the Bonds from any restriction under the bond resolution or other relevant legal documents for the Bonds, and under any applicable state statute, which would apply to the unspent proceeds of the Bonds.

Section 5. Repealer.

All resolutions, parts of resolutions, or actions of the Council in conflict herewith are hereby repealed, to the extent of such conflict.

Passed and approved the 3rd day of July, 2023

Synopsis: City has had ongoing issues with Royal Flush Truck Wash, Inc’s delinquent Pre-Treatment Agreement and have accumulated several fines owed to the City

Background Information: The City has a Pre-Treatment Agreement with Royal Flush Truck Wash to discharge waste to the City Sewers, that was executed on June 14, 2019. The City has worked with royal Flush Truck Wash to obtain compliance with the pre-treatment agreement, which throughout the past four years Royal Flush has failed to provide consistent compliance.

Royal Flush personnel, Iowa DNR staff and City staff met on June 22, 2022 and revised the pre-treatment agreement changing the ways levels are measured and other conditions as stated in the letter to Royal Flush Truck Wash.

City has only paid the first tax rebate in FY '23, as staff was advised they would pay the fines, once they received that payment, which the fines were never paid. As of May 31, 2023, Royal Flush Truck Wash fines total is \$40,000.00

This will be formal action to allow City staff to pay the fines to the City with TIF, instead of paying Royal Flush Truck Wash

Agenda Items Description: Resolution Setting a public hearing, preliminarily approving a draft development agreement, and direct P&Z Board to consider rezoning property to "C-1" General Business (Middle School - Theisen's)

Type of Action Requested: Resolution	
Attachments & Enclosures: Resolution Draft Agreement Site Plan (conceptual)	Fiscal Impact: Budget Line Item: Budget Summary: Expenditure: Revenue:

Synopsis:

The Monticello School District has entered into a purchase arrangement with Theisen Real Estate LLC, in order to redevelop the old Middle School site into a 35-40,000 square foot Theisen's Home Farm and Auto store.

To accomplish the project, Theisen's is asking for Tax Increment Financing incentives. In addition, they will need to rezone the property and provide site plans and other information for development of the property.

This is the first step toward approval of the project, which sets a public hearing on the draft Development Agreement, TIF amendment, and potentially the rezoning request, for the August 7 City Council meeting. In addition, it directs the Planning and Zoning Board to consider the rezoning request and make a recommendation on said request(s) to the City Council.

Background:

The draft agreement includes pretty basic terms, Theisen's will demo the existing building, grade out the site, and construct a new Theisen's Home Farm and Auto store. The new store will be between 35,000 and 40,000 square feet in size, and comparable to their Dyersville store. This is a \$3-4 Million new investment in Monticello, and Theisen's will almost double the number of employees working in Monticello. In addition, it frees up 6 other properties in downtown for new stores and development.

The City will reimburse Theisen's for the asbestos abatement (\$170,000) and provide a 10-year tax abatement at 100% (this would be about \$580,000). The net benefit to Theisen's is approximately \$750,000. The City would also agree to purchase the old "Family Foods" building at assessed value, if

Theisen's is not able to sell that building to a private party. While better off in private ownership to promote more retail investment downtown, the property is valuable to the City for central storage space and for downtown parking. This is a "backstop" provision as Theisen's already has multiple parties interested in their other properties.

The proposed C-1 General Business is appropriate, and pending final engineering, the conceptual site plan (attached) looks very workable. The P&Z Board will review these details further at their meeting in mid-July. And of course, the City Council will hold its own public hearing on the agreement as well as the proposed zoning on August 7.

Recommendation: A motion to approve is recommended.

Agenda Items Description: Resolution Setting a public hearing, preliminarily approving a draft development agreement, and direct P&Z Board to consider rezoning property to "R-3" Multiple Family Residential from "C-1" General Business (BR5 Workforce Housing project)

<u>Type of Action Requested:</u> Resolution(s)	
<u>Attachments & Enclosures:</u> Resolution(s) Draft Development Agreement Site Plan and other information	<u>Fiscal Impact:</u> Budget Line Item: Budget Summary: Expenditure: Revenue:

Synopsis:

Brian Ridge, owner of BR3 development (which developed the Dollar Fresh project) is interested in constructing a 12-unit apartment building on the additional lot east of Dollar Fresh. The holding company for this project is now "BR5 LLC" instead of BR3. The proposal is to construct "workforce" housing through the Iowa Economic Development Workforce Housing Tax Credit program.

City Council already approved a Resolution of Support for this project in May, committing a minimum of \$12,000 toward the project. As noted at the time, BR5 would still negotiate a development agreement with the City pertaining to the details of the project, which is likely to also include a TIF subsidy. In addition, the property needs to be rezoned to R-3 to accommodate the construction of the proposed 12 multiple family apartments.

The draft agreement is attached. The accompanying Resolutions will preliminarily approve the draft Agreement, schedule the necessary Public Hearing for review (on August 7) and direct the Planning and Zoning Board to consider the inclusion of this project as part of the Urban Renewal Plan, and the rezoning of the property.

Background:

This property is a 1.25 acre lot located on East 1st Street, north of Locust. When BR3 submitted the Final Plat of BR3 subdivision for approval by the City, they reserved ownership of this additional lot for future development.

The engineering plans that were approved as part of this subdivision only addressed development of the Dollar Fresh site, which is on Lot 1 of the subdivision. Although some grading work and other

improvements were completed on Lot 2, there was neither a site plan nor civil engineering plans submitted for the subject property. Therefore, there is not sufficient information provided to address concerns such as flood plain, service locations, curb cut, building location, parking, or any other details at this time. The developer will have to provide that information as an engineered site plan prior to development. The State Workforce funding for this project is still unknown, but the Developer wants to proceed as he wants to construct the project anyway. Conceptual plans are attached for Council consideration.

The lot is split between C-1 General Commercial, and C-2 Central Commercial zoning. The developer will also have to re-zone to an appropriate Residential district as part of the development approvals for this project. As was noted in May, approval of the Development Agreement and submittal of the rezoning request, with appropriate engineering and other plans for the actual construction of the project would occur over the summer.

Proposed site outlined in green

The draft agreement would provide about \$260,000 in TIF incentives to the \$2 Million project, over a period of 12 years. Because this is a TIF-funded residential project, the draft agreement will also have provisions for an affordable-housing set aside. With a \$260,000 incentive, the affordable housing set aside will be \$109,200. This goes into the City's affordable housing fund, to support affordable housing projects elsewhere in the community. Bond counsel and the City Attorney will need to work on this language in the draft agreement, to assure compliance with State Code.

The proposed R-3 zoning seems appropriate, and pending final engineering, the conceptual site plan (attached) looks very workable. The P&Z Board will review these details further at their meeting in mid-July. Subsequently, the City Council will hold its own public hearing on the agreement as well as the proposed zoning on August 7.

Recommendation: Approval is recommended.

DEVELOPMENT AGREEMENT

This Agreement is entered into between the City of Monticello, Iowa (the “City”) and BR5 LLC (the “Developer”) as of the ___ day of _____, 2023.

WHEREAS, the City has previously established the Monticello Urban Renewal Area (the “Urban Renewal Area”), and has adopted a tax increment ordinance for the Urban Renewal Area; and

WHEREAS, the Developer owns certain real property which is situated within the Urban Renewal Area and more specifically described as Lot 2 of BR3 Subdivision (the “Property”), and the Developer will undertake the construction of a 12-unit Workforce Housing apartment building (the “Project”) on the Property; and

WHEREAS, the Developer has requested tax increment financing assistance with respect to the Project for Residential Development; and

WHEREAS, Chapter 15A of the Code of Iowa authorizes cities to provide grants, loans, guarantees, tax incentives and other financial assistance to or for the benefit of private persons, and the City Council specifically finds as follows:

1. That a public purpose will reasonably be accomplished by the provision of tax incentives, grants, and other financial assistance to BR5 LLC, including providing housing for the workforce which is necessary for the retention of existing and provision of new jobs, and an expansion of the tax base of the community, and
2. That the construction of 12 apartment units will provide new tax base to the community, even if a portion of those taxes are rebated for a period of time, and
3. That the residents that this will provide will work and buy goods in Monticello, providing local option sales tax proceeds, and helping sustain the local retail economy and industry, and
4. The Council has considered the overall impact the proposed development will have on the community, weighing the overall benefits of the business, and finds that the benefits to the Citizens, Local Businesses, and tax base of the City warrants and justifies the incentives and easily outweighs the amount of funds dispensed by way of and consistent with the terms of this Development Agreement.

WHEREAS, for these reasons, the City finds that Residential Development is a necessary component of a good overall economic development strategy; and

NOW THEREFORE, the parties hereto agree as follows:

A. Developer’s Covenants

1. The Developer agrees to petition to rezone the property to R-3 Multiple Family Residential, obtain appropriate permits and construct (or cause to be constructed) and maintain the Project on the Property, and to use the completed facilities for 12 units of workforce housing throughout the term of this Agreement.

2. The Developer agrees to make timely payment of all property taxes as they come due throughout the term of this Agreement with respect to the Property and to submit a receipt or cancelled check in evidence of each such payment.

3. **Minimum Assessment Agreement:** The Developer and City agree to enter into an “Assessment Agreement” in substantially the form attached hereto, marked Exhibit C, pursuant to §403.6 of the Iowa Code fixing the minimum assessed valuation of the Property, in contemplation of the value to be added by the proposed project, at not less than **one-million seven-hundred fifty thousand dollars (\$1,750,000)**, hereafter referenced as the “Minimum Assessed Valuation” as of the completion of the Project (the “First Valuation Date”). It is the stated intention of the Developer that the Minimum Assessed Valuation shall be established on the Jones County property tax rolls as of the First Valuation Date regardless of the then-current degree of completion or incompleteness of the Project. The Assessment Agreement shall remain in effect throughout the Term of this Agreement, as hereinafter defined.

B. City’s Covenants

1. **Rebate Payments.** In recognition of the Developer’s obligations set out above, the City agrees to make 20 semi-annual economic development tax increment payments (the “Rebate Payments”) to the Developer, pursuant to Chapters 15A and 403 of the Code of Iowa and as described below.

This Agreement assumes that the taxable valuation of the completed Project will go on the property tax rolls as of **January 1, 2024**. Accordingly, the Rebate Payments will be made on **June 1 and December 1 of each fiscal year, beginning on December 1, 2025 and continuing to and including June 1, 2035.**

Each Rebate Payment shall be in an amount which represents a percentage (the “Annual Percentage”) of the Incremental Property Tax Revenues available to the City with respect to the Property during the 6 months immediately preceding each Payment date reduced by the Repayment Deduction (as hereinafter set forth). Incremental Property Tax Revenues are produced by multiplying the consolidated property tax levy (city, county, school, etc.) times the incremental valuation of the Property, then subtracting debt service levies of all taxing jurisdictions, subtracting the school district physical plant and equipment levy and subtracting any other levies which may be exempted from such calculation by action of the Iowa General Assembly. The Annual Percentages shall be as follows:

- FY 2025-2026: 100%
- FY 2026-2027: 100%
- FY 2027-2028: 100%
- FY 2028-2029: 100%
- FY 2029-2030: 80%

FY 2030-2031: 80%
FY 2031-2032: 80%
FY 2032-2033: 80%
FY 2033-2034: 80%
FY 2034-2035: 80%

2. Security and Debt Certification. The Total Payments shall not constitute general obligations of the City, but shall be made solely and only from incremental property taxes received by the City from the Jones County Treasurer which are attributable to the Property, in the case of the Rebate Payments.

Each Payment shall be subject to annual appropriation by the City Council. Prior to December 1 of each year during the term of this Agreement, the City Council shall consider the question of obligating for appropriation to the funding of the Payments due in the following fiscal year, an amount of tax increment revenues to be collected in the following fiscal year equal to or less than the most recent Developer's Estimate factored by the Annual Percentage to be in effect in the next succeeding fiscal year (the "Appropriated Amount").

If in any given fiscal year the City Council determines to not obligate the then-considered Appropriated Amount, the City will be under no obligation to fund the Payments scheduled to become due in the following fiscal year, and the Developer will have no rights whatsoever to compel the City to make such Payments or to seek damages relative thereto. A determination by the City Council to not obligate funds for any particular fiscal year's Payments shall not render this Agreement null and void and the Developer may make future requests for appropriation.

In any given fiscal year, if the City Council determines to obligate the then-considered Appropriated Amount, then the City Clerk will certify by December 1 of each such year to the Jones County Auditor an amount equal to the most recently obligated Appropriated Amount.

It is the intention and desire of the City Council, at the passage of this Developer's Agreement, that funds will be annually appropriated as contemplated herein absent a finding by the City Council of severe hardship to the City.

3. Affordable Housing. Iowa Code requires that if tax increment revenues collected in an economic development urban renewal area are to be used to pay for public improvements related to housing and residential development, the project has to include assistance for low and moderate income family housing. Because the expected incentive for this project is \$260,000, at the 42% set aside requirement for Jones County, the City will also set aside \$109,200 of TIF funds from this project for affordable housing.

C. Administrative Provisions

1. This Agreement may not be amended or assigned by either party without the written consent of the other party.

2. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of the parties.

3. This Agreement shall be deemed to be a contract made under the laws of the State of Iowa and for all purposes shall be governed by and construed in accordance with laws of the State of Iowa.

The City and the Developer have caused this Agreement to be signed, and the City's seal to be affixed, in their names and on their behalf by their duly authorized officers, all as of the day and date written above.
